

RESEARCH BRIEFING PACK · DEEP RESEARCH

Iowa State scholarships for Evan Symons

How to apply (OneApp + FAFSA), which awards are actually relevant to a 22-year-old presumed Iowa transfer targeting Ivy Finance, and what to ignore.

Date	Monday, 31 August 2026 (America/Chicago)
Mode	Deep research from official ISU pages fetched 2026-08-31. Not training-memory.
Overall confidence	MEDIUM-HIGH. Process and 2027-28 open date HIGH. Exact college close dates MEDIUM (official table still mixes 2026 and 2027).
Live cycle	2026-27 OneApp is closed. 2027-28 OneApp opens Tuesday, 15 September 2026 (15 days from today).
Portal	https://iastate.academicworks.com (branded OneApp). FAFSA school code 001869.
Hard no	No invented names, amounts, or deadlines. Missing numbers marked unknown / varies.

Assumptions stated, not treated as facts: Iowa resident; transferring or recently transferred from DMACC; traditional-age undergraduate (22), not a 24+ adult-learner category; male — most ISU aid is not gendered; no male-only awards were invented. Unknown and not invented: GPA, first-gen, FAFSA SAI, citizenship, honors, athletics, veteran, Greek life, current vs incoming term, PTK membership.

1. Executive summary

Iowa State does not run a pile of separate scholarship applications for most campus money. The operational system is OneApp (Blackbaud/AcademicWorks). The Office of Student Financial Aid, the Ivy College of Business, and most departments use it. A student who has been offered admission can log in even before accepting. Completing the General Application auto-matches many awards. Indicating a Finance / Ivy major then feeds college and departmental pools. FAFSA is a separate, required track for need-based institutional aid (ISU Grant, FSEOG, Work-Study) and for need-coded scholarships. The 2027–28 FAFSA opens 1 October 2026. ISU federal school code: 001869.

For a 22-year-old presumed Iowa resident who is transferring, or who recently transferred, from DMACC into Ivy Finance, the highest-leverage actions are: (1) be admitted if not already; (2) complete OneApp as soon as it opens on 15 September 2026, answering every question with specific examples; (3) file FAFSA by the priority date that matches student type; (4) treat Ivy Finance awards as auto-match after the major is declared, not as a scavenger hunt.

Named transfer awards that can still matter if he is an incoming transfer for Fall 2027 / Spring 2028: the Iowa State Community College Transfer Scholarship (\$500–\$2,000, competitive, need-based) and the Phi Theta Kappa Member Scholarship (\$2,000 per year for up to two years) if he is PTK. If he is already enrolled for Fall 2026, those incoming-transfer awards are likely behind him and the 2027–28 play is current-student OneApp + Ivy Finance automatch + FAFSA.

Do not chase: Hixson and First Cyclones (incoming first-year only); automatic first-year merit; Iowa Tuition Grant (private colleges only); nonresident Transfer Achievement / Success / Expedition awards if the Iowa-resident assumption holds; women-only awards; adult-parent / 24+ nontraditional awards unless facts change. No male-only ISU scholarships were found or invented.

Nearest hard date: OneApp opens 15 September 2026. No application can be submitted before then. Next dated filing target: FAFSA (opens 1 October; priority 7 January 2027 if continuing, 25 February 2027 if incoming transfer).

What his files actually contained

Dmacc To ISU Transfer Info.pdf is a July 2021 Ivy DMACC curriculum guide (2021 catalog). No name, GPA, FAFSA, or citizenship. It maps APP / TRANSIT / apply-up-to-one-year-prior and professional-program rules (2.50 foundation GPA; 50% of required business courses at ISU; last 32 credits at ISU; max 65 credits from two-year colleges). Iowa State Finance Syllabus.pdf is an independent 25-course readiness guide prepared from public sources accessed 24 August 2026, covering Fall 2026 public syllabus information. Not an official ISU publication. Together with Desktop FIN workbooks, this is a strong signal of Ivy Finance intent and possible Fall 2026 enrollment — still an inference, not a registrar fact.

2. Key findings

Finding 1 — OneApp is the application. Scholarships@IowaState is the same portal.

Confidence: HIGH

OSFA's OneApp page, fetched 31 August 2026, states OneApp opens 15 September 2026 for the 2027–2028 scholarship year. Login is <https://iastate.academicworks.com>. Incoming students use the Admissions MyAccount until they convert to a Net-ID; current students use Net-ID. A student must be offered admission to sign in; they do not have to accept first. A search for a live scholarships.iastate.edu site returned no results. After the General Application, many awards are automatch (no extra form). Recommended opportunities appear only when extra questions are required. Changing major requires logging back in. Session timeout is 30 minutes with no auto-save. Average completion 30–60 minutes.

Finding 2 — Today sits in a 15-day gap between closed 2026–27 awarding and open 2027–28 applications. Confidence: HIGH on open date; MEDIUM on some college closes

- 2026–27 OneApp opened about 15 September 2025. Those windows are over (Ivy article 26 Sept 2025; Iowa State Daily 23 March 2026).
- 2027–28 OneApp opens 15 September 2026.
- OSFA row: first-year 5 Jan 2027; current 25 March 2027; transfer 11 March 2027. Applications due 11:59 p.m. CST.

Ivy's own scholarships page (curl 31 August 2026) is updated for 2027–28: first-year 5 January 2027; incoming transfer 11 March 2027 (notify mid-April); current students 25 March 2027 (notify mid-May). Ivy awards do not auto-renew. The same OSFA deadlines table still lists college rows with 2026 dates, including Ivy current 9 March 2026 and transfer 2 March 2026. AcademicWorks opportunity pages still show March 2026. Treat those as stale last-cycle listings until OneApp opens. Practical rule: use Ivy's college page plus OSFA's 2027 dates, then re-check OneApp on 15 September.

Finding 3 — Transfer money at Admissions is real, but most of it is incoming-only or nonresident-only. Confidence: HIGH on published terms

For Fall 2027 / Spring 2028, the Iowa State Community College Transfer Scholarship is \$500–\$2,000 one-time, competitive, for resident and nonresident transfers with 45 transferable credits, 3.00 GPA, demonstrated need, and full-time enrollment immediately after a two-year community college. FAFSA by 25 February 2027; OneApp by 11 March 2027; offered admission by that date. PTK Member is \$2,000 per year for up to two years (3.50 GPA, 30 hours, certificate to transfer@iastate.edu). Nonresident automatic awards (Transfer Achievement \$6,500/year, Transfer Success \$3,000/year, Expedition \$2,000/year, Generations \$1,500/year) are low relevance if the Iowa-resident assumption holds. No DMACC-named scholarship was found. DMACC-ISU Connect / APP is advising and campus access, not a scholarship. Kat Klingseis is the named DMACC transfer counselor.

Finding 4 — Ivy Finance awards are a pool. Completing OneApp with Finance selected is the application. Confidence: HIGH on process; MEDIUM on individual dollars

Ivy's page: nearly \$3 million in college scholarships; average award \$2,800; combinable with other aid. A 26 September 2025 Ivy article quoted coordinator Bryce Phillips at over \$2.5 million and the same \$2,800 average. Use nearly \$3 million as the more recently fetched college-site figure; treat \$2.5–\$3 million as the public range. Named Finance listings (last-cycle AcademicWorks, amounts almost all “varies”): Finance Scholarship Fund (need, 3.0); James Owens Family (any class standing, donor intent up to \$5,000 per student annually, listing still says varies); Robert C. Erusha (Accounting or Finance, need, sophomore–senior); Jim Victor (junior/senior, investments preference); Bisenius (Iowa resident, junior/senior); Brad Essman (junior, leadership, need, 3.0, non-renewable); Harry L. Shadle (GPA band 2.5–3.0 — full page fetch timed out, MEDIUM). ZAGG listing deadline is 1 March 2023 — treat as possibly inactive.

Finding 5 — What is not relevant, so time is not wasted. Confidence: HIGH

- Incoming first-year only: Hixson Opportunity Awards; First Cyclones; automatic first-year academic scholarships.
- Women-only / women-focused: ISU Women's Club; YWCA Ames; WiSE. Most OSFA/Ivy aid is not gendered.
- Adult Student Scholarship (Sloss): non-traditional student parents, typically about \$1,000 — age 22 alone does not qualify.
- Iowa Tuition Grant: Iowa residents at eligible private colleges only. Not ISU.

3. How to apply — 2027–28 cycle

This pack does not create accounts, email ISU, or submit anything. These are the student's steps.

Step 0 — Decide student type (today: 31 August 2026)

Already taking ISU classes in Fall 2026 → current student for 2027–28. Ivy page close 25 March 2027. FAFSA priority 7 January 2027. Incoming-transfer Admissions scholarships generally do not apply. Still at DMACC targeting Fall 2027 or Spring 2028 → incoming transfer. Must be offered admission before the OneApp close. Ivy page: 11 March 2027. FAFSA priority 25 February 2027. Admissions also cites 1 March for some admissions scholarships.

Step 1 — Admission (incoming only)

Apply at admissions.iastate.edu/apply. Rolling admissions; ISU recommends 6–9 months ahead. OneApp login requires an offer, not an accept. Transfer FAQ cites a \$55 undergraduate fee — confirm at apply time.

Step 2 — Tuesday, 15 September 2026: open OneApp

<https://iastate.academicworks.com> — Incoming: Admissions MyAccount. After accept + Net-ID, Net-ID takes about 24 hours to work in OneApp. Current: Net-ID. Supported browsers: current or previous major release of Chrome, Firefox, Edge, Safari. Save constantly (30-minute timeout, no auto-save).

Step 3 — Complete the General Application, every required question

Imported registrar/admissions data cannot be edited in OneApp; fix it at Registrar (515-294-1840) or Admissions (515-294-5836). Then complete Ivy/Finance sections and any Recommended opportunities. Set major to Finance so automatch fires. If major changes, return and complete new recommended apps. Draft essays offline. Use specific unique examples (Bryce Phillips, Ivy, 26 Sept 2025). Answer every question so donor criteria can be evidenced (Kaylee Phillips Wellik, Iowa State Daily, 23 March 2026).

Step 4 — File FAFSA 2027–28

Opens 1 October 2026 at studentaid.gov. Free. School code 001869. Uses 2025 tax year. Priority: first-year 17 December 2026; continuing 7 January 2027; transfer 25 February 2027. Late FAFSA still gets Pell/Direct Loan consideration; ISU

Grant, FSEOG, and Work-Study are priority-deadline programs. Create FSA IDs up to three days before filing (OSFA).

Step 5 — Paths that are not OneApp

- Roy J. Carver: carvertrust.org, 1 October through 1 April; two professional references plus 250–500 word obstacles essay; 20 awards at ISU (ISU page).
- PTK proof: email certificate to transfer@iastate.edu.
- Housing, Honors, Study Abroad, Military-Affiliated Student Center, Hixson — OSFA additional-scholarships list. Hixson is first-year only.
- Ivy emergency grants for currently enrolled Ivy students who have exhausted OSFA: ivyscholarships@iastate.edu.

Step 6 — After submit

Editable until each close. Awards appear in Workday (My Financial Aid → View Financial Aid). Incoming transfers: aid offer around early April in Admissions MyAccount. Ivy notifications: transfers mid-April; current students mid-May. Donors often expect a thank-you letter (OSFA FAQ).

4. Scholarship comparison (public figures only)

Italicized 2026 dates are last-cycle AcademicWorks stamps that have not yet been replaced for 2027–28. Prefer the 2027 dates from OSFA/Ivy pages; confirm inside OneApp after 15 September.

Table 2. Public comparison. No amount was invented. “Varies” means the official listing did not publish a dollar figure.

5. Contradictions and uncertainties

- **Deadlines table is internally mixed.** Header: 2027–28 opens 15 Sep 2026. OSFA row: 2027 dates. College rows including Ivy: 2026 dates. Ivy’s own page has 2027 dates (transfer 11 Mar, current 25 Mar) that match OSFA’s row pattern, not OSFA’s Ivy cells. Use Ivy’s page; verify in-portal on 15 Sep.
- **Ivy 2026–27 current-student date disagreed with itself.** Sept 2025 Ivy article: current students 3 April 2026. OSFA table: Ivy current 9 March 2026. For 2027–28, Ivy page now says 25 March 2027.

- **Current-undergrad FA page** still says OneApp “opened on 15 September 2025.”
- **AcademicWorks listings** still show 9/12 March 2026 and, for ZAGG, 1 March 2023.
- **Carver dollars and FAFSA date:** ISU transfer page average \$6,000 and FAFSA 25 Feb 2027; Carver Trust typical \$6,600 at public universities and FAFSA by 1 March. Twenty awards (ISU). Apply at carvertrust.org.
- **Expedition geography:** dedicated page lists seven states; scholarships hub still says Illinois or Minnesota. Prefer the dedicated page; still irrelevant if Iowa resident. Preference date on that page still says 1 March 2026.
- **Ivy pool size** \$2.5M (2025 article) vs nearly \$3M (college page 31 Aug 2026). Same \$2,800 average in both.
- **Whether Evan is current or incoming is not proven.** That single fact changes which transfer awards exist and which FAFSA priority applies.
- **ZAGG** may be defunct.

6. Gaps

- GPA, SAI, citizenship, ISU residency classification, PTK, first-gen, veteran, parent status, ISU legacy, class standing, and whether he is already enrolled Fall 2026.
- Full 2027–28 opportunity catalog will not exist until OneApp opens 15 September 2026.
- Most Finance award dollar amounts are unpublished (“varies”).
- Shadle full page fetch timed out; criteria taken from AcademicWorks search snippet of the official listing.
- No DMACC-named scholarship found; automatch funds with DMACC-friendly criteria could still exist inside OneApp.
- No X/Twitter scan (no X tool in this environment). Practitioner color is limited to Iowa State Daily and official college articles.
- 2021 DMACC transfer guide is five years old; professional-program rules may have changed — verify with an advisor.
- Outside/private scholarships (local rotary, employer, Iowa community foundations) were out of scope.

7. Recommended next actions

This week (before 15 September 2026)

- Confirm student type: Fall 2026 ISU enrollee vs Fall 2027 incoming transfer. That binary drives every deadline.
- If incoming and not yet admitted, submit the ISU application so OneApp is reachable on day one.
- Draft offline: 3–5 short stories (DMACC path, why Finance, work/leadership, any obstacles, career goal).
- Create/verify FSA ID(s). Contributors can take up to three days to verify (OSFA).
- If PTK: locate the membership certificate. If heading into junior year with documented obstacles and Iowa HS / 5-year residency: skim carvertrust.org.

Day of open — Tuesday, 15 September 2026

- Log into iastate.academicworks.com. Complete General + Ivy/Finance. Save often. Set major to Finance.
- Note every Recommended opportunity and its individual deadline. Do not trust the OSFA mixed table.
- Working closes until OneApp says otherwise: current student 25 March 2027; incoming transfer 11 March 2027.

October 2026 – April 2027

- File FAFSA when it opens 1 October. Continuing: 7 January 2027. Incoming transfer: 25 February 2027.
- Incoming transfer: stay on track for admission by the OneApp close; Admissions cites 1 March for some admissions scholarships.
- Carver (if eligible): apply by 1 April 2027 with two references in before that date.
- Watch Workday / Admissions MyAccount in April–May. Ivy: transfers mid-April; current mid-May.

Do not apply to Hixson, First Cyclones, Iowa Tuition Grant, women-only awards, or nonresident expedition stacks unless the residency assumption is wrong. Do not wait for a separate Finance scholarship application. Do not assume 2026–27 money is still available.
